SCTE Session Spotlights

By: [Pipeline Magazine](#)

Special sessions are spotlighted each day of the event so that you are aware of all the great presentations that are available for you to attend at SCTE Cable Tec 2022. Check below and back each day of the show for updated, special session spotlights from the previous day, current day, and next day!

Session Spotlight:

[The Future is Now - Delivering Next-Generation Speed and Reliability Over a Brilliant Network](#)

Room: 114 (Nutter Theater)

Time: Wednesday, September 21, 2022: 2:00 PM - 2:30 PM

Speaker:

Elad Nafshi

Executive Vice President and Chief Network Officer, Comcast

Description:

Brilliant networks delivering next-generation connected experiences aren't part of some distant future: they're here today, delivering fast, reliable, and secure connected experiences to people across the globe. Comcast Chief Network Officer Elad Nafshi will share how 10G and other network technologies are evolving connected experiences in real time, even as they pave the way for a brilliant future.

For Today:

- [International Cable-Tec Games](#), 8:15AM to 11:15AM
- [Women in Technology Series: Inclusive Leadership with The Cable Center and the WICT Network](#) 10:00AM to 10:45AM (Room 119AB)
- [SCTE Annual Awards Luncheon](#), 11:30AM to 1:00PM (Room: Terrace Ballroom)

For Tomorrow:

- [ANGA / SCTE International Attendees Breakfast: Putting Broadband to Work - Compelling Use Cases from Across the Globe](#) 7:30AM to 9:00AM (Room 119AB)
